

Lamoni Rose Hill Cemetery - Owned Lots Sorted by Name (with Notes)

Lot owners are listed alphabetically. X is the headstone row where X=1 is the first row at the section's west edge. Y is the lot count from N to S in a row, where Y=1 is the first lot at the section's north edge. Y counts lots, not individual burial spaces. A grid map exists which may help visualize how this coordinate system is layed out. For owners of individual portions of a lot, spaces are numbered starting at 1 from S to N within a lot.

DISCLAIMER: This list is mostly correct but not definitive (possession of the original lot deed may be needed to resolve conflicts). The data is based on source documents that may miss letters of instruction by the owner or lot swaps and buy-backs in which the original deed was returned. Burials with different names from the owner can be due to [re]married names of wife or daughters, friends that the owner let be buried there, or executors who got recorded as the owner.
