1. Approve Minutes of the Annual Members Meeting on 1/5/2025

The annual Lamoni Rose Hill Cemetery (LRHC) Members meeting was held on January 5, 2025, at the church and on Zoom. Due to the threat of snow and the switch to a Zoom-church model that day, 22 attendees joined online, and 6 attended in person, including the three board officers.

Call to Order and Approval of Minutes

LRHC President Kelly Everett called the meeting to order at 10:15 a.m. Lorrie Long moved, and Pat Magle Jones seconded approval of the 1/7/2024 annual meeting minutes. It passed unanimously with no changes.

Business

Everett expressed appreciation for Marcy Biesemeyer's 10 years and Susan Knotts' 3 years of exceptional service as trustees, noting they are stepping down from the board. He also explained the board's enthusiastic recommendation of Shelly Waugh and Stu Sherman to fill the vacancies. Lester Stevenson moved, and Pat Magle Jones seconded the approval of Stu Sherman for a 3-year trustee term, which passed unanimously (28-0). Jim Jones moved, and Lorrie Long seconded the approval of Shelly Waugh for a 3-year term, also passing unanimously (28-0).

Treasurer Jim Jones presented the 2024 annual report, including a financial summary and the proposed 2025 budget. Mark Easter moved to approve the budget, and Pat Magle Jones seconded. The budget was approved unanimously. Lester Stevenson moved to thank sexton Jim Jones and the board for exceptional oversight of Rose Hill Cemetery, with Lorrie Long seconding. Jack Ergo noted that, from his survey of other cemetery websites, none matched Rose Hill Cemetery's organization, accessibility, and completeness. The motion of thanks was approved unanimously.

Adjournment

With no further business, Richard Higdon moved, and Benna Easter seconded a motion to adjourn. The motion passed unanimously, and Everett declared the meeting adjourned at 10:35 a.m.

--Jim Jones, Secretary/Treasurer, Lamoni Rose Hill Cemetery Board

Summary Highlights

In 2025, we had 15 burials (5 traditional and 10 cremains) and sold 13 spaces to 6 buyers.

A drainage ditch was installed in the southwest corner of the cemetery to address seasonal swampy conditions in the area that once held the 1800s cemetery pond. Soil from the excavation was used to fill sunken gravesites and low areas near the ditch. A \$1,500 SCICF grant plus \$2,002 in individual donations helped fund this \$5,000 project.

The project to reset sunken gravestones and relocate several misplaced ones in the oldest section of the cemetery was completed, totaling 31 monuments. The headstone for Philip Coop, a Civil War veteran, was moved beside his first wife, and a small headstone was added to the unmarked grave of his second wife nearby. This work was supported by a matching SCICF grant. Another \$2,000 has been awarded for a similar \$4,000 project in 2026.

We hired a local young person, Landon Lindgren, as our mowing contractor after the previous contractor stepped down. The grounds looked excellent for Memorial Day, though the unusually wet, fast-growing summer brought some complaints. We will continue with this contractor because of his work ethic, speed, and readiness to adapt.

The roadways were sprayed to control plant growth, and Donn Henson voluntarily box-scraped them. Because some funds were diverted to rock-lining the new drainage ditch, only the westernmost roadway around Section 2 received fresh gravel this year. We plan to make up for that by covering more of the roadways in 2026.

This year we were informed that pruned limbs and plant debris cannot be left for roadside pickup on the third Thursday, though bagged trash will still be collected on volunteer days, since we do not subscribe to city utilities.

Significant volunteer work included removing old decorations and debris, pruning and clearing downed branches, and weeding and repainting the Rose Hill masonry sign. Volunteers of all ages from Lamoni helped.
