

Lamoni Rose Hill Cemetery - Owned Lots Sorted by Location

This lists lot owners section by section, then row by row (X), then by lot within row (Y), and finally individual spaces or portions of the lot. The order is as you would encounter the owned lots by walking N-to-S down each row, starting at the NW corner of the section. There exists a grid map that may help visualize these X,Y lot coordinates. A horizontal line is printed at the end of each row to clearly show the start of the next row.

DISCLAIMER: This list is mostly correct but not definitive (possession of the original lot deed may be needed to resolve conflicts). The data is based on source documents that may miss letters of instruction by the owner or lot swaps and buy-backs in which the original deed was returned. Burials with different names from the owner can be due to [re]married names, friends the owner let be buried there, or executors who got recorded as the owner.
